*Town of Marlborough Planning Board  
Chairman Brand*

*Gentlemen/Ladies:*

*As to the proposed Smith Subdivision off First Street, off Sherman Drive.*

*Proposed driveways onto First Street have adequate sight distance for safety. As this subdivision moves along I would need to see their drainage proposal, as all building sites are elevated off the roadway and rain runoff has to be addressed. Also the applicants hammerhead turn around and traffic pull off for vehicle passing has to be shown.*

*Sincerely,*

Highway Superintendent*
