**Re: NYSDOT SEQR #: 18-010**  
**Marlboro Distribution – Route 9**  
**T/O Marlborough; Ulster County**

Dear Mr. Brand:

The Short Environmental Assessment Form and related documents for the subject proposal were received in this office on January 11, 2018. Also received was the request from the Town Planning Board declaring its intent to act as Lead Agency to conduct all necessary review under SEQRA. The New York State Department of Transportation (NYSDOT) consents to the Town of Marlborough Planning Board serving as Lead Agency for review of the referenced proposal.

Any proposed work within the NYSDOT Right-of-Way requires a Highway Work Permit (HWP). A detailed engineering review is necessary and required for issuance of a HWP. The HWP applicant should be directed to contact the local NYSDOT-HWP Engineer to initiate a review process. Please contact:

John Reilly, Permit Engineer  
NYS Department of Transportation  
11 Quarry Street  
Kingston, NY 12401  
Phone # (845) 340-1723

The applicant should also be encouraged to review the permit process and all required HWP forms on the NYSDOT website (<https://www.dot.ny.gov/index>). In particular, please review the PERM33-COM form.

**Please submit subsequent plans and documents for this project as well as those for any future development proposals in DIGITAL (.pdf) FORMAT –CD, DVD or Thumb drive.**

Lead Agency approval under SEQR is required in advance of permitting.

**Please reference our SEQRA number, 18-010, on all future correspondence regarding this project.**

Very truly yours,

*Michael P. Manning*
