Kingston, NY 12401

Re: Milton Tpk Solar, SWPPP Review

Dear Mr. Leibowitz,

The Ulster County Department of Public Works (UCDPW) is in receipt the Milton Tpk Solar Farm project plan set and SWPPP, dated 7/26/18.

It is noted that the project is adjacent to and obtains access from Milton Turnpike, a County Road; this section is not a part of the County non-traditional MS4 Area. The project site, however, does need to comply with Town MS4 regulations, the Town having jurisdiction over the site for SPDES compliance.

This department has review the submitted documents in as far as the project may affect the Ulster County roadway and or as a non-traditional MS4. UCDPW takes no exception to the project plans and SWPPP as submitted with the potential to affect Milton Turnpike.

Regarding impacts to the County roadway, a permit will need to be obtained for the access to the County roadway at which time any necessary improvements will be reviewed.

Should you have further questions or comments feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "B. Masterson".

Brendan M. Masterson, CPESC, CPSWQ
