

## **Supervisor's Report May 2020**

The Town of Marlborough has been experiencing a unique experience, navigating through a historic pandemic. There have been a series of Executive Directives from the Governor's Office that have prescribed Town and Civic behaviors. In order to comply, the Supervisor has been conducting much of the Town business from home. This would not be possible, if it wasn't for the supportive efforts of Town Hall staff, which are doing a remarkable job, under difficult circumstances. Special thanks to Tina Rosa (Secretary to the Supervisor) and Christine Wilklow (Budget Director) for all their help. Besides conducting Town Board Meetings (via ZOOM) and attending to Town fiscal responsibilities, I have done the following Town business:

Coordinated with Town attorneys to oversee introduction and proposed adoption of new Town Code Laws – The Harbor Management Law and LWRP Consistency Law – and the adoption of the Local Waterfront Revitalization Plan

In contact with lawyers to develop resolution for Timber Harvest of Town properties

Consulting with lawyers for agreement with NEXAMP for Solar Location at landfill

Handling emergency with sewer line with consultants and property owner consultants

ZOOM meeting with Councilman Baker, John Behan, John DeMarco and Seth McKee (Scenic Hudson) to discuss waterfront development

Handling situations with concerns about the 9W repaving project

Working with Ulster County representatives and Town volunteer, Matt Pidel, coordinating response to Project Resilience

Teleconference with Ulster County Deputy Executive Marc Rider several times each week, to stay up to date with COVID situation in Ulster County and region

Interacting with other Town Supervisor's to develop strategies for the reopening of Town business

Coordinating with Senior Citizen President, Anna Rhodes, to keep apprised of Senior needs

Respectfully, Al Lanzetta, Supervisor

For the month of April 2020, both the Marlboro and Milton Wastewater Treatment Plants complied with all SPDES requirements. The following are monthly statistics for both plants;

**Marlboro WWTP**

- Average Daily Flow = **120,500** gallons per day.
  - (About 70% of design capacity.)
- Average BOD removal = **98%**
- Average Suspended Solids removal = **97%**

**Milton WWTP**

- Average Daily flow = **27,000** gallons per day.
  - (About 50% of design capacity)
- Average BOD removal = **98%**
- Average Suspended Solids removal = **91%**

Both Marlboro and Milton plants operated normally during the month of April. Rapid Pump and Meter visited the Marlboro plant several times throughout the month and were able to repair a few pieces of equipment. They replaced the lower grease seals on both screw pumps and installed a new contact for our greenhouse hoist. We also realized that the shut off valves for our oxidation splitter box have corroded out and will need to be completely rebuilt in the near future. At the Milton plant the bottom stone portion of the building has been repainted and we will be putting the final coat on the roof once we have consistent sunny days. Please feel free to contact us at any time. Stay safe and be healthy.

Thank you,

## **AGENDA**

### **Young, David & Susan, 50 Mill House Road, Marlboro: Sketch, Subdivision**

- The Town of Marlborough Planning Board voted unanimously to declare itself as Lead Agency for this project. The applicant's representative will clear up technical issues and submit completed NYSDEC and OPRHP documentation. A Public Hearing will be held May 18, 2020, with the assumption this documentation will be complete.

### **Boneh Zion Realty, 21 Truncali Road, Marlboro: Sketch, Site Plan**

- The applicant is proposing a timber harvest on approximately 21.4 acres of a combined parcel size of 37.5 acres. The project involves the removal of 644 total trees, the majority of the trees being identified as being Red Oak and Eastern Hemlock. The Board raised several concerns regarding the covenant language used in the original Subdivision Site Plan Approval. The Board agreed to defer the matter to legal counsel to provide clarification of these issues.

### **Marlboro Flats, 8-10 Watson Ave, Milton: Sketch, Subdivision**

- The project proposes a three lot subdivision with each lot to contain a duplex residence. The applicant will clarify several technical issues on their proposal and return.

### **Nason Subdivision, 89 Peach Lane, Marlboro: Sketch, Subdivision**

- The proposed four lot subdivision includes areas of NYDEC identified wetlands. The applicant was advised to clearly identify these areas and indicate their validated locations on the proposed maps. The proposed driveways and their locations were discussed and the applicant was advised to consider using shared driveways to minimize disturbances.

### **Bayside Mixed Use, 18 Birdsall Ave, Marlboro: Extension, Site Plan**

- The project is requesting an additional extension of the site plan approval which was issued in May of 2018. The first extension was granted in May 2019. One additional discretionary extension is available for the project, Town Code section 155-31 Site Plan Approval (K), Expiration of Approval states: "Site plan review and approval shall be void if construction is not started within one year and completed within

two years of the final approval. Each of these respective periods of expiration may be extended in the Planning Board's discretion for up to two additional periods of one year each." The Board voted 5-2 to approve. The Board also approved payment of 156,000 in Recreation Fees for the Site Plan Unanimously. The applicant also requested clarification of all required fees and their payment schedule, including those previously agreed upon by the applicant and the Town Board. The Planning Board attorney and engineer will work in collaboration to provide the applicant this information.
