Commissioner

39 Main Street Milton, LLC  
C/O Robert Pollock  
96 South Elliot Place  
Brooklyn NY, 11217

January 26<sup>th</sup>, 2022

Attention: Planning Board  
Subject: 39 Milton Turnpike / SBL: 103.1-2-44/45

Dear members of the board,

As you are aware, the County of Ulster has the responsibility for all details of access to a County Road as per section 136 of Highway Law.

Please be advised we have inspected the location for the proposed access as shown on plans from Medenbach & Eggers, sheet 4 of 10, dated August 12, 2021, and revised to illustrate a shallow ditch running alongside Milton Turnpike. If the planning board should approve this proposal, we would be in conceptual acceptance of the entrance as shown.

Please be advised that prior to this permit being issued, this department shall set forth terms and conditions in which this access shall be installed. An approved permit is required from this department before any road construction can begin.

If there are any questions, concerns or any further clarification is required, please contact my office at the information below.

Sincerely,

*Adam Deitz*
