

AGRICULTURAL NOTES

This subdivision is in an agriculturally zoned district. It does have active farming operations in the vicinity. Be advised of the following :

1. That farming does not only occur between 8:00am and 5:00pm and is dependent upon "Mother Nature"; Residents should be aware of noise from agricultural machinery being operated in nearby fields in both early morning and evening hours and noise from crop-drying fans which are run 24 hours a day during the harvesting season.
2. That the roads leading to and from the subdivision are frequently traveled by farmers and their slow moving farm vehicles and equipment.
3. That farm neighbors very often spray their crops with pesticides in accordance with accepted practices regulated by the New York State Department of Environmental Conservation (D.E.C.Notification Law Number 325, October 1988)
4. That existing agricultural operations may create both unavoidable odors and unlightness commonly associated with farming operations in the area.
5. That there are dangers in letting children and pets roam into any adjacent agricultural field, which is private property.
