As per our in person meeting on December 6th at Buttermilk Falls Resort Hotel with Mr. Pollack and members of the planning board, We requested that the service roads going to the individual cabins be a minimum of 15' wide and we requested that there would be 2 extra fire hydrants added, 1 in front of the main hotel building and 1 located closer to the cabins. All of which was noted on Mr. Pollacks plans. If you have any questions please feel free to contact me at 845-590-8227
