To: Planning Board  
Town of Marlborough, New York

RE: Highland 201 Solar LLC, Additional Materials

Dear Chairman and Members of the Town of Marlborough Planning Board,

Carson Power LLC, on behalf of our affiliate, Highland 201 Solar LLC (the “Applicant”), respectfully submits additional material for the Planning Board’s consideration regarding our proposed ground mounted large scale community solar system in the Town of Marlborough. We last appeared before the Planning Board on October 21<sup>st</sup>. Please find enclosed:

- Revised Part 1 Full Environmental Assessment Form (EAF) – 12 copies
- Revised Site Plans – 12 copies
- Revised Stormwater Pollution Prevention Plan (SWPPP) – 2 copies
- SWPPP Engineer Comment Response Letter – 12 copies

The revised Part 1 EAF includes the changes discussed at the previous meeting. The revised site plans and SWPPP address all of the Town Engineer’s comments on the stormwater design of the project. We look forward to discussing the submitted materials at the regularly scheduled meeting and public hearing on December 2<sup>nd</sup>. Thank you for your consideration on this matter.

Respectfully submitted,
