By signing this Proposal, the Client and Lynkwell agree to the project as detailed above. The Client and Lynkwell will also need to agree to and sign a Scope of Work Agreement, which will be presented after Site Verification has taken place. If Site Verification or Utility Funding requires any adjustments or changes to the costs detailed in the above Proposal, Lynkwell and the Client must both agree to an updated Proposal, and this Proposal will be voided. Both Lynkwell and the Client reserve the right to cancel without penalty at any time before signing the Scope of Work Agreement. If the Client cancels after signing the Scope of Work Agreement, Lynkwell reserves the right to bill the Client for costs associated with the project, including, without limitation, site preparation (not including site verification), project scoping, permitting, seeking funding or utility approvals, or other such activities.

Any potential tax credits listed above cannot be guaranteed by Lynkwell; please verify availability with your accountant. Incentives may be used to cover applicable costs for this project, and the Client agrees to assist Lynkwell in obtaining this incentive on the Client's behalf. This includes providing requested information, granting site access if required, and working within the rules of the applicable incentive program both during and after the project. By signing this Proposal, the Client grants Lynkwell permission to use the Client's name and/or logo in relation to this project and funding. Standard terms and conditions governing Lynkwell projects and the items and subscriptions depicted above can be found at www.lynkwell.com/terms and are subject to change without notice.
