

June 3, 2025

Dear Milton Town Board,

For several years, my property has been flooded because a drain pipe on my next door neighbor's property (89 Milton Lane) is too small. Five years ago there was no pond on that property and I did not have a problem. Then the owner excavated a pond.

There is so much flooding that I cannot cut the grass or allow my grandchildren to play outside. My propane tank has subsided, which could be dangerous.

I am writing to you in the hope that you can help me find a solution.. The current owner—Mr. J. Durante—has refused to do anything year after year.

I look forward to any suggestions you might have.

Sincerely yours,

Maria Fillakos
